

"Black Friday Stomp" from A Whisper in this Town
Chords (Capo III for Eb)

Vamp: C / C / C / C
 C / F

It's been a happy Thanksgiving and I'm feeling fine.

 G / C
I got a belly full of turkey and head full of wine.

 Am / G / C / G7
Grab me one for the road and then I head out to the shopping mall.

I've planning for weeks and I am right on time
To get a real sweet spot right at the front of the line.
I brought an empty plastic bottle so I'm ready when nature calls.

 Am / G
But when the sun comes up and they open the door,

 Am / G
let me tell you buddy about that stain on the floor.

 F / G / C /G7
That's what's left of a guy from last year! Ain't you heard of the Black Friday Stomp?

 Am / G
It's a little dance we do here, come the morning light.

 Am / G
I'm a shopper not a lover so I'm ready to fight.

 F / G / C /G7#5
I shout, "Merry Christmas mother!" Then I do me some Black Friday Stomp!

It's the one night a year that I spend outdoors.
I can see them inside sweeping the floors.
The place is all lit up, but then so am I. Hey, what are the odds?
I love the feel of crunching bones beneath my boot,
Caught me an elbow in the chin but I only chipped a tooth.
I've been saving up all year, and I can't wait to blow my whole wad!

When the sun comes up and they open the door
There's a little old lady who knows what concealed weapons are for.
She's on borrowed time and knows it! She's got some Black Friday Stomp!
It's a grand old tradition. It's the American way
It's reason for the season, and I'm hear to say,
"Get yourself some Christmas spirit! Do the Black Friday Stomp!"

Do the Black Friday Stomp! 3 times (Tag G / C / G / C / G / C9)
